About Me

Passionate and self-driven Full-Stack Developer with hands-on experience in building scalable, responsive, and user-focused web applications. Skilled in developing modern web solutions using clean, efficient, and maintainable code while solving real-world problems. Strong commitment to continuous learning, exploring new technologies, and delivering high-quality digital experiences that create meaningful impact.

Technical Skill

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS
- Backend & Database: Firebase (Firestore), Supabase
- Tools & Platforms: Git, GitHub, VS Code, Vercel, Netlify
- APIs & Development: REST APIs, API Integration, Responsive Web Design

Project

- **All India Job Portal:** Full-stack government job portal with secure admin dashboard and real-time updates.
- **GitHub Profile Explorer:** GitHub profile search app with repository and user statistics.
- **Accurate Word Counter:** Real-time word, character, and reading time analyzer.
- **URL Shortener:** Web app for generating and managing shortened URLs.
- **News Website:** Responsive news platform with category-wise live updates.
- **Personal Blog Website:** SEO-friendly blogging platform with a modern responsive design.
- **Link-in-Bio Platform:** Customizable link management platform inspired by Linktree, allowing users to create a personalized page to showcase and organize multiple links in one place.

Education

- Bachelor of Computer Applications (BCA) , Maharshi Dayanand University, Rohtak | 2022 – 2026
- Senior Secondary (12th) Kendriya Vidyalaya — 2021–2022
- Higher Secondary (10th) Kendriya Vidyalaya — 2019–2020

Self-Taught Learning & Practice

- Strong self-learning ability through official documentation, technical resources, and hands-on development.
- Actively engaged with developer communities and platforms such as GitHub, Stack Overflow, and technical forums to stay updated with industry practices.
- Hands-on experience in full-stack web development, REST API integration, and building scalable web applications through real-world personal projects.
